

Dear members of the Connecticut Education Committee

My name is Mariely Norwal. I am a resident of North and am in support of H.B. 6663 An Act Establishing the English Learners Bill of Rights in Conn

Currently, there are more than 45,000 English Language Learners in Connecticut, but ELL performance is significantly lower across the board. Due to the lack of qualified interpreters/interpretation resources, parents cannot be informed about their child's progress in school.

[ADD PERSONAL THOUGHT/EXPERIENCE HERE]

Access to quality education is a right all children should have regardless of the language they speak. Clear rights help our community know where they can turn for support and guidance.

By guaranteeing parental rights in ELL students' education, children will improve in school; parents will be able to advocate for their child's needs and ensure they receive the best education.

I am for H.B. 6663 An Act Establishing the English Learner Bill of Rights.

Thank you for your attention,

Mariely (your name)
